REPORTS CLAIM:
David A Esquibias works for his wife Angelique Friend of Probate Services. They prey on the elderly, petition for full conservatorship of the person, and use the trustee's funds to fight off trustee's family. They isolate conservatee from family and charge to do things the family members were doing lovingly at no cost. Angelique and David Esquibias have a close relationship with Judge Roger Lund at the Probate Court in Ventura County, CA. They go as far as accusing family members of elder abuse. Family members must spend tens of thousands of dollars on evidentiary hearings if they want to try to clear their names – but do not stand a chance in Judge Lund's court. Probate
attorney's in Ventura County are afraid to go up against Angelique Friend and David A Esquibia's in Judge Lund's court. It is shocking how they use perjury in writing and in court to destroy families for financial gain. Judge Roger Lund is now putting together a "Private Counsel Panel for Conservatees." He is looking to hire attorneys to be paid from conservatorship estates. There is way too much conflict of interest in this sick trio of criminals. **See website:**
